### **Abstract**

**This study has been concentrated on the title :**

**" Prophet Hood And Prophets In Torah And Quran "**

**I have divided it in to two parts with introduction and conclusion.**

**THE first: was a linguistic and terminological for the word "prophet ". The Quran, besides Arabic on the one hand, and Biblical , Hebrew usages on the other.**

**The second: was a comparative study between couples of prophets such as ,NOAH,IBRAHIM , LUT,MOSES and HAROUN" P.B.U.T"**

**I depended on texts from the holy Quran, with others from the Bible as basic sources: besides many others, which benefited in interpretation and understanding these texts.**

**I ask Allah to guide us to what we seek his satisfaction .He is all hearing ,and all responding"**
