

السيرة الذاتية

البيانات الشخصية:

الاسم : أحمد كامل بلال.

الجنسية : عربية سورية.

تاريخ ومكان الميلاد : 1946/1/1 ، طرطوس.

العنوان الحالي : مزة أوتوستراد، بناء محافظة 8، ط. 1.

العنوان الدائم : جامعة دمشق - كلية العلوم، قسم الجيولوجيا.

الهاتف والجوال : 0933410946 ، 6622418

البريد الإلكتروني : ahkbilal@gmail.com

اللغات التي يجيدها : الفرنسية، الإنكليزية.

الشهادات العلمية : نيسان 1978 ، دكتوراه دولة من جامعة باريس.

كانون الثاني 1976 ، دكتوراه اختصاص، جامعة نانسي الأولى - فرنسا.

تشرين أول 1974 ، دبلوم دراسات معمقة، جامعة نانسي الأولى - فرنسا.

حزيران 1970 ، اجازة في الجيولوجيا التطبيقية - دمشق

السجل الوظيفي : أيلول 2016 ، أستاذ فخري متلاعند.

حزيران 1988 ، أستاذ.

حزيران 1983 ، أستاذ مساعد.

حزيران 1978 ، مدرس.

الخبرة الجامعية :

أ. المواد التي قام بتدريسها:

المراحل الجامعية الأولى: الجيولوجيا البنوية 1 ، الجيولوجيا البنوية 2. الجيولوجيا البنوية للجيوفيزائيين

مرحلة الدراسات العليا: التكتونيكي. البحث العلمي.

ب- الأبحاث المنشورة:

a) الأبحاث العلمية المنشورة في مجالات عالمية محكمة.

- BILAL, A., and TOURET, J. (1976)-Les inclusions fluides dans les enclaves catazonales de Bournac, Massif Centrale Français. Bull. Soc. Fr. Minera. Cristallo. 92, 2-3, 134-139.
- BILAL, A. and TOURET, J. (1977)-Les inclusions fluides des phénocristaux des laves basaltiques du Puy Beaunit, Massif Central Français. Bull. Soc. Fr. Mineral.Cristallo.100, 324-328.

BILAL,A.(2015)- Lithofacies and tectonic study of Al Butmah formation-the causes of the dry wells. Journal of Al Baath university. Vol.37. (with Ali Mansour)

BILAL,A. (2016)- On petrophysical models of the East Asharneh field. Journal of Damascus university, Vol. 38. (with M. A. Moghdeb).

BILAL,A. (2016)- The tectonic impact on the rivers terraces uplift in the South of coastal chain. Journal of Tichreen university, Vol.38, 3. pp69-88 (with F. Mohamad).

- BILAL,A. (2016)- A geological and analytical study of the landslides in Al Bassit area-North Ouest of Syria. Journal of Al Baath university. Vol. 38. n.2. pp 113-139. (with F. Mohamad).
- BILAL,A. (2016)- Evaluate the hydrocarbons potential of Mamlah Al Kom structure in the North Palmyride chain throuth its lithostratigraphic and geochemical properties. Journal of Al Baath university,Vol. 38,n.7,pp161-180. (with R.Nasser and A. Kafa).
- BILAL,A.(2017)- On the lithological and tectonical models of the East Asharneh field. Journal of Damascus university. (with M. A. Moghdeb).
- BILAL,A. (2017)- Use of isopaque maps to determine the tectono-sedimentological evolution and the petroleum renewability of the secondary ere in Norther Palmyra. Journal of Damascus university. (with S. Badour).
- BILAL,A. (2017)- A tectono-seismic study of Northern Palmyra- Dryness justification of some wells. Journal of Al Baath university. Vol.39. n.1. pp93-120. (with S. Badour).
- BILAL,A. (2017)- Lithostratigraphic study of secondary ere in the Palmyra North-the petroleum renewability. Journal of Tichreen university, Vol.39, no.3. pp81-99 (with S. Badour).
- BILAL,A. (2017)-Tectono-seismic study of Kurachine dolomite and Kurachine anhydrite formations in Abo Rabah structure-Al Daw depression. Journal Al Baath university.Vol.39, n.20, pp117-146(with R. Nasser and A. Manssour).
- BILAL,A. (2018)-Tectono-seismic study of Kurachine dolomite in Sadad structure-Al Daw deression. Journal Al Baath university.Vol.40, n.4, pp93-113. (with R. Nasser and A. Mansour).
- BILAL,A.(2018)-Tectono-seismic study of Kurachine dolomite in Jubat structure-Al Daw depression.Journal of Damascus university. (with R. Nasser and A.Manssour).
- BILAL,A.(2018)-3D structural model of Mamlah Al Kom structure-the North Palmyride chain.Journal Al Baath university, Vol.40,n.2, pp135-165(with R. Nasser and A. Kafa)

(C) : أبحاث المؤتمرات

1974 – Les inclusions fluides dans les enclaves granulitiques et charnockitiques de Bournac - Massif Centrale Français, 3^{ème} R.A.S.T. Montpellier.

1977– Les inclusions fluides des phénocristaux de basaltes du Massi Central Français. 5^{ème} R.A.S.T. Rennes.

1984–Structural analysis of some basaltic lava in Damascus plain hydrogeological implications. 24th scientific week, Aleppo, Syria .

1984 – Petrology of the Syrian basalt- fluid inclusions. 27th I. G. C. Mosckow, URSS.

1984 –Utilization of fluid inclusions in the phosphate exploration and associated uranium. symposium on phosphate in the Arab world, Rabat, Morocco.

1985 – Utilization of fluid inclusions in petroleum exploration. Rev. Ataqa wattanmiyah, N°4,5,6, Damascus, Syria (in Arabic with abstract in French).

1985 – The role of fractures in the determination of petrophysical properties of reservoir rocks. Rmilan symposium, Syria and Rrev. AtaqaWattanmiyah, N°2, (in arabic with abstract in English).

1988 – Les enclaves ultrabasiques en Syrie. 12^{ème} R. S. T.Lille; France.

1988 – A paleothermal study of Triassic formations in Syria. Mediterranean basins conference, Nice, France.

1991– Moho depth in the northern part of the Arabian plate. Symposium on the geodynamic of Arabian lithosphere plate, Irbid, Jordan.

1992 – Microtectonic study of rocks fractures and their storage properties on the example of the Syrian Oudeh oil field. First International Conference on the geology of the Arab world, January, Cairo, Egypt.

1992 – Résultats préliminaires sur la prospection uranifère en formation phosphates –Syrie, 11^{ème} R.S.T. Toulous, France.

1992 –The evolution of lithosphere in the Northern part of Arabian plate (Syria)- xenoliths study. 29th, I. G. C. Tsukuba-Japan.

1992 –Utilization the fluid inclusions in petroleum exploration, on the example of the Kurachine Dolomite formation in Al-Andalus area-Syria. The eleventh petroleum exploration and production conference, Cairo-Egypt.

1993 – Use the fluid inclusions in mineralogy and their applications. The Fourth International school and workshop of crystallography. Aswan, Egypt.

1994 – Fluid inclusions applications in geology-examples from Syria. The second International conference on the geology of the Arab world, Cairo-Egypt.

1994 – Une pensée nouvelle sur le complexe ophiolito – sédimentaire au Nord-Ouest de la Syrie. 15^{ème} R. S. T, Nancy-France.

1994 – Remote sensing new tectonics data of the Arabian plate. IGARSS 94, pasadena-California, U.S.A.

1996 –The nature and evolution of the Northern Arabian plate. (Syria and Jordan). 16th R.S.T. Orléans, France.

-1997 – Soil structure interaction effect during earthquakes in Syria. In: seismic isolation passive energy dissipation and active control of seismic vibration of structures. Taormina-Italy. (with MAHMOUD).

1998 –Rainfall water management using remote sensing applications on the example of South coastal chain-Syria. 4th International conference on the geology of the Arab world. Cairo, Egypt. 21-25 February.

1999 – The remote sensing: A good tool to water resources management in the Arab world. 4th Gulf water conference Manama-Bahrain, 21-25 February (In Arabic).

1999 – A recharge mapping model for soil and underground water protection using satellite imagery. 9th international conference on the environment protection. 2-6 May, Alexander, Egypt.

2001 – Nonrenewable water resources management using remote sensing techniques on the example of the South Syria. Fifth Gulf water conference. Doha-Qatar, 24-28 March. (In Arabic, with O.AMMAR).

2001 –A proposed model for localization of the small dams using the remote sensing applications. International seminar "Les petits barrages dans le monde méditerranéen". Tunisia, 28-31 Mai.

2001 – Water resources management using advanced technology, the remote sensing application-A proposed model. Workshop, Ismailia. Egypt.

2002 – Water resources management in arid and semi- arid lands using remote sensing techniques. International conference on water resources management in arid regions, 23-27 March 2002, Kuwait.

2003-Adaptation de l'imagerie satellitaire sur l`amenagement des ressources en eaux dans les pays arides et semi - arides - méthodologie perspectives. 5^{ème} international conference 23-27 Juin, Cannes, France.

2003 – A mapping model for water resources management in the semi- arid and arid lands using satellite imagery, International conference, IGARSS 03, 21-25 July, Toulouse, France.

- 2004 – Seismic hazards map of Syria, geological, historical and Odometric data. 32nd international geological congress. August 20-28, Florence-Italy.
- 2005– Metasomatism by carbonate magma under the Arabic plate- carbonic inclusions. Meeting of European current research on fluid inclusions, 6-9 July, Ciena, Italy.
- 2005– Seismicity of Syria regarding its Arab and regional cadre. In: The seismicity risk and their management-Arab and regional state. Dar Tlas, Syria.
- 2006– Applications de la télédétection en hydrogéologie et environnement – possibilités et limites. 8^{ème} symposium international sur les eaux. Cannes, 26 – 30 Juin, France.
- 2006 – Seismicity of Syria regarding its state - A tecto-geoengineering study. The first Syrian geological conference. Damascus, 27-30 November.
- 2006– Sur l'origine du volcanisme syrien – une étude pétrogénétique. 21^{ème} R.S.T., 4 – 8 Décembre, Dijon – France. (with F.SHELEH).
- 2007-New-Tectonics of Syria. Intern. Conf. of Jordan.
- 2008– Pyroxenite xenoliths in Cenozoic alkali basalt from Djabel El Arab: Petrological characteristics of the Moho discontinuity beneath the Syrian rift. Geologic African Conference, Tunisia. (with others).
- 2009–Focus on the seismicity of Syria by petrological data. The second Syrian conference. Damascus-Syria.
- 2010–Evolution of the hydrographic network re with climat.12eme water symposium. Cannes-France.
- 2010–Seismicity and volcanism in the rifted zone of Syria.32 Intern. confer. Montpellier, France.

(d) الأبحاث المعرفية المنشورة في مجالات محكمة:

- 1985 – On the Arab role in Ancient Civilization. Rev. Al - Marifa, N° 234, Syria.
- 1990 – The open Arab Universities - National implications. Rev. AL-Wahda, N°72, Morocco.
- 1990 – The basic sciences and remote sensing. Rev. of remote sensing, N°5, Damascus, Syria.
- 1991 – The Arab scientific research - Actual state and future horizons. Rev. of Arab affairs, N°65, Arab League, Tunisia.
- 1996 – On the Arabism problems. Arabian Jour., N°228.
- 1996 – Indicative review on the mineral and metal signification. Rev. of Damascus University, 12, N°2.
- 1998 – On the fundamental condition to write a scientific article. Rev. of Damascus University, Vol. 13, N°2, 165-170.
- 2000 – Scientific reviewing and its role in the scientific research- problematic and transparency. Rev. of Damascus University, vol.16, N°1, 153-161.

(e) الأبحاث المعرفية المنشورة في مؤتمرات علمية:

- 1983 – The role of ancient Arabs in the industry and exploitation of metals and gems and their effect on the ancient and modern civilization. Djadeh symposium, Saudi Arabia, and Rev. of Arab organization of mineral resources, N° 3 (1984), Rabat, Morocco.
- 1990 – The difficulties and facilities in the writing of scientific research. Banghazi symposium, Libya.
- 1991 – Why scientific writing in Arabic? Jour. AL-Kifah AL-Arabi magazine, n° 693, Beirut, Lebanon.
- 1993 – On the methodology of the translation and Arabism during a geological dictionary: French-English-Arab. Symposium of Lexicology, Tunis.
- 1999 – An applied method to more using the scientific research in the Arab development. Conference on the scientific research and development. Tunisia.
- 2000 – Towards a scientific methodology for better exploiting the scientific production in the development. Workshop. Alger 21-23 May.
- 2000 – Scientific encouragement as an important factor for the scientific research. First international conference on the Arab scientific research. Sharjah. U.A.E. 24-26 April.
- 2002 – Arab immigrated scientists. Reality and perspective. Second intern. Conf. on the Arab Scientific research, Sharjah, U.E.A.
- 2003 –The sciences learning between the national and mother language. 12-15 Marsh, Cairo, Egypt.
- 2005 – How to active the Arab organizations role in the development- promotive strategy. Beyrouth meeting of Arab thought Foundation, September.
- 2006 – On the problematic of the Arab Migrated brains and their role in in the development strategies. Fourth Conference of the Arab Science and Technology foundation. April 22-25/2006 Alexandria, Egypt.

(ج) الكتب المنشورة:

(a) الكتب العلمية:

1981. الجيولوجيا البنوية. مطبعة جامعة دمشق، طبعة ثانية 1982.
1981. الميدروجيولوجيا التطبيقية. طبعة ثانية، دار المعرفة. طبعة ثالثة دار طلاس، 2001.
1985. ميكانيك وميکروتکتونیک الصخور. مطبعة جامعة دمشق.
1990. دليل الجيولوجيا في التخطيط الاستراتيجي. دار طلاس.
1991. التکتونیک- تشوہات مواد القشرة الأرضية. دار طلاس. طبعة ثانية. 1997.
1995. معجم الجيولوجيا باللغات الفرنسية والإنجليزية والعربية. دار طلاس.
2001. نظرا في الصخور النارية. دار طلاس.
2002. البحث العلمي العربي في استراتيجيات التطور العربي . الضرورات والآليات. دار المنارة، بيروت وسوريا.
2005. المخاطرزلزالية. الحالة العربية والإقليمية. دار المعرفة.

2006. الجيولوجيا البنوية للجيوفيزائيين. جامعة دمشق.
2006. الجيولوجيا البنوية 1 للجيولوجيين. مطبعة جامعة دمشق.
2006. الجيولوجيا البنوية 2 للجيولوجيين. مطبعة جامعة دمشق.
2010. المرجع في مبادئ الجيولوجيا البنوية. مطبعة جامعة دمشق.
- 2019 حول جيولوجية سورية نظرة خاصة للحشوارات المعطافية والمحبسات السائلة (تحت الطبع ، باللغة الانكليزية) .

b) الكتب الفكرية والثقافية.

2004. قضايا في التكوين المعرفي . سورية مثلاً. دار الفكر.
2005. حول أزمة المعرفة العربية. دار طلاس – دمشق – سورية.
- 2006 وشوشات حواف لا تتصادم. دار طلاس – دمشق – سورية.
- 2009 فانتازيا الحقيقة. دار طلاس – دمشق – سورية.
- 2009 أعلام ومفاهيم. دار طلاس – دمشق – سورية.
- 2009 طريق العرب إلى العلم . سورية أولًا. دار طلاس – دمشق – سورية.
- 2010 لأنه مثير للجدل. دار طلاس – دمشق – سورية.
- 2012 ملامح اقتصاد المعرفة. دار طلاس – دمشق – سورية.
- 2013 دليل البحث العلمي. دار طلاس – دمشق – سورية.
- 2015 أكتب لسوريا. دار طلاس – دمشق – سورية.
- 2019 بعبارات أخرى . هوبيات قاتلة والدولة العربية العصرية (تحت الطبع).

C) الكتب المترجمة.

1997. الصخور الاستحالية ومدلولها الجيوديناميكي. دار طلاس. (تأليف جاك كورنبرست).
2005. قليل من العلم للجميع. دار طلاس. (تأليف كلود الليغر).
2007. تحديات العالم. دار طلاس (تأليف كلود الليغر)

d) الروايات.

2011. ثوسيق. دار طلاس – دمشق – سورية.
2012. الجاروشا. دار طلاس – دمشق – سورية.
2013. بين رفتين . نيتار. دار طلاس – دمشق – سورية.
2014. عن سرطان. دار العراب – دمشق – سورية.
2015. وتلك القبلة. دار طلاس – دمشق – سورية. (ترجمت إلى الإنكليزية، دار بيرن ونوبيل، 2019).
2016. بوح الحكايا. دار طلاس – دمشق – سورية.
2018. رحيل. الروضة للطباعة- دمشق – سورية.
- 2019 هافانا. (تحت الطبع).

3 - المنظمات والهيئات التي يشارك فيها: نقابة المعلمين ، اتحاد الكتاب العرب ، حزب البعث العربي الاشتراكي .

4 - المؤتمرات العلمية التي شارك فيها: شارك في عدد كبير من المؤتمرات العلمية (حوالي 150 مؤتمراً) ، في البلدان التالية، إضافة إلى سوريا: مصر، المغرب، ليبيا، الجزائر، تونس، السعودية، الإمارات العربية، قطر، البحرين، لبنان، الأردن، فرنسا، إيطاليا، سويسرا، بريطانيا، بلجيكا.

مهمات البحث العلمي:

- مهمة بحث علمي أولى 1998-1999، فرنسا - ستة أشهر.

- مهمة بحث علمي ثانية 2008، فرنسا - أربعة أشهر.

المنح العلمية:

- منحة لدراسة الدكتوراه في فرنسا، 1973-1978.

- منحة إلى بريطانيا (ساندروز)، لمدة شهر، 1976.

- العديد من المنح إلى فرنسا لمدة ثلاثة أشهر أو أكثر.

- الكثير من المنح لمدة قصيرة (أقل من ثلاثة أشهر)، إلى: فرنسا، بريطانيا، بلجيكا، إيطاليا، وسويسرا.

5. الدورات التدريبية: كثيرة إلى جانب ورشات العمل، في بلدان عديدة منها: فرنسا، مصر، إيطاليا، بلجيكا.

التقارير العلمية - الدراسات:

1982 – Study of basalt of Southern Syria–thermodynamics conditions. Ministry of petroleum and mineral resources, Syria. Contra. N° 61/N 1980.

1984 – Uranium exploration in Syria using carbonic fluid inclusions. C.E.A.S. Syria (in Arabic).

1986 – Petrographic, geochemical and microtectonic studies. Ministry of irrigation, Syria.

1987 – Microtectonic study of the reservoir rocks in Oudeh and Al-Haul fields. S.P.C. Syria., Contra. 359,1986.

1988 – A paleothermal study of Triassic formation in Syria. S.P.C. Contr. 49,1987 (in Arab).

1989 – Caractères géochimiques des roches du puits de Maadan, Total co.

1989-1990-Geothermo-barometric study on the Syrian rift. G.O.R.S. Syria.

1990 – Geothermo-barometry study of associated xenoliths of the Syrian rift. GORS, Damascus - Syria.

1990 – Genesis, petrographic, geologic study and mode of occurrence of igneous rocks in Omar field, Syria. AL-Furat (shell) com.

1991 – Global paleothermal synthesis of Triassic (Kurrachine dolomite) in AL-Andalus area-Syria, repsol Comp.

1992 – A petrological study of the contact of Djabel AL-Akraa-Ophiolite in the North-West of Syria. G.O.R.S, Contr. 37/91.

1994 – Étude géochimique et pétrologique – Implications économiques des roches basaltiques et enclaves péridotitiques associées au rift Syrien. Contrat 65/93 GORS, Damas-Syrie.

1995 – Étude géochimique et métalorgique des minéraux précieux des formations du complexe ophiolitique dans le Nord-Ouest de la Syrie. Contrat 26/94. GORS, Damas-Syrie.

1995-1997–Étude géologique, structurale, hydrologique et possibilités économiques de la partie Sud de la chaîne littorale-Syrien. GORS. Syrie.

1998 – Étude géologique, structurale, hydrologique et aspects pétroliers de la région de Kurdag, NW de la Syrie.GOR0.-Syrie.

1998 – Étude lithostratigraphique et aspects pétroliers de la région de Dj. Abd EL-Aziz, N.E de la Syrie. Elf Co., Syrie.

1999 – Hydrogeological and structural study of AL-Qalamoun area. GORS. Syria.

2001 – Hydrogeological and structural study of a Palmyra area. GORS-Syria.

2002– Hydrogeological and structural study of the Northern part of Syrian coast. GORS, Syria.

الخبرات الأخرى:

(a) وظائف وخبرات:

1991: Expert - UNESCO.

1994-1996: Scientific secretary of the research fundamental sciences committee, Damascus University.

1994 - 2000: Councilor for the scientific research –Damascus University

1995 - 2002: Expert at the Arab center for the studies of arid and semi-arid regions (ACSAD). League Arab.

2002 up to 2012 (stopped during the Syrian crisis): Academic expert for project evaluation "Tempus" European Union.

(b) خبرات علمية:

Field work:

- Basaltic and igneous rocks geology and mapping.
- Tectonics mapping.
- Samples collection.
- Petroleum and ecologic pollution studies.

Research work:

- Petrology and petrography of igneous rocks.
- Mechanic and fluid of rocks.
- Tectonics and microtectonics of rocks and earthquakes.
- Petroleum domain study.
- Hydrogeological studies.
- Remote sensing applications.

Laboratory work:

- Chromatographic and spectrometric analysis methods.
- Microthermometry method.
- Cartography method.
- Imagery spatial.

- Mineral separation and mineral grain identification.
- Transmitted and reflected light microscopy.
- Imagery spatial.

Project coordinator:

- 1996- 2002 -Coordinator of the tectonic project: Damascus University, GORS and SPC (Syria).
- 1997- 1998 -Coordinator of Al Isba site 123 project. Damascus University and Al Furat (Shell) Petroleum Company.
- 1999 -2002 - Coordinator of scientific cooperation project between: Ecole Normal Superieure (Prof. Philippe HUCHON), and Damascus University.
- 1999-2002 - Coordinator of Zabadani project between: Damascus University, GORS, and ACSAD (Arab league).
- 1999-2003 - Coordinator of the scientific project between Damascus University, GORS and Marie and Pierre Curie University (Prof. Jean CHOROWIWIZ).
- 2005- 2009 - Coordinator of the scientific project between Syria (University of Damascus and Aleppo) and Jean Monnet University, St. Etienne-French, on the great Syrian rift- petrology and seismicity aspects. (Prof. Jean Yves COTTIN).
- 2008-2012: Coordinator of the scientific project between University of Damascus and Pierre and Marie Curie University, Paris-France (meteorites).
