

# **CURRECULUM VITAE**

**Last Name:** AL Nahhas

**First Name:** Samar

**Academic level:** Professor

**Contact Information:**

Tel: 0096311 3716872 / Mobile: 0999571525

e.mail: [samar.nahhas@yahoo.com](mailto:samar.nahhas@yahoo.com)

**Academic Appointments:**

2000 - till present Professor

1994 - 2000 Associated Professor

1989 - 1994 Lecturer

**Licensure and Certification:**

1985-1988 PhD Animal Biology (Parasitology), Montpellier University, France

1984-1985 DEA in Animal Biology & Physiology, Lille University, France

1978-1982 B Cs General Biology (Bio-chemistry), Damascus University

**Administrative position:** head of Department of animal biology

(2000-2007)

**Training & Experiences:**

- I worked on light and electronic microscopes for studying the effect of Chloroquine on the Plasmodium depending on the age of host red cells
- I also worked on light and electronic microscopes for studying the development of *Echinococcus multilocularis* protoscolices *in vivo*, the relationship between the protoscolices and hepatic cells *in vitro* and interactions between protoscolices and Kuppfer cells.
- I work on many types of equipment such as: Electrophoresis, ELISA, Semi-dry blotter, Blot apparatus, PCR and I cultivate different types of parasites for research study and for applying some of these methods for diagnosis of certain diseases in SYRIA.
- I have an experience to work on PC: Microsoft office, Excel, PowerPoint, Photoshop...etc.
- I did work on microorganisms in Microbiology, such as: working in aseptic conditions, doing culture of different kind of bacteria, applying different stain techniques, studying the effects of physical conditions on the growth of bacteria, applying different biochemical techniques in order to identify the bacteria species, counting the bacteria cells and the plaques, applying molecular techniques as extraction the bacteria DNA, application the PCR.
- I work on Leishmaniasis, Toxoplasmosis, Malaria, Echinococcosis, Streptococcus .....etc.

**Honors, Scholarship & Grant Awards:**

- Bassel Al-ASSAD Award (Health Sciences) in 1996
- Fulbright scholarship in Jhon Hopkins University, USA, 1997-1998
- Official mission in Louis Pasteur University, France 1998
- Bassel Al-ASSAD Award (Healyh Sciences) in 2000
- Official mission in Parasitology lab Nice University- France, 2000
- BasselAl-ASSAD Award (Basic Sciences) in 2003

**Teaching Experiences:**

- 1994-1996 Genetic, "practice"  
1989-1993 Cytology "theory"  
1989 till present Parasitology & Immunology "parasitology: theory and practice"  
1998-2004 Diploma of Immunology (A), "theory and practice"  
1996-1999 Diploma of Immunology (F)  
1989 till present General Parasitology "theory and practice"  
1990-1999 Diploma of Parasitology (F)  
2017 till present Master of parasitology "theory and practice"

**Conferences :**

- 2019 Biotechnology-Iraq
- 2010 Biovision – Egypt
- 2009 AEOL. Egypt
- 2009 Control of the infectious diseases. Egypt.
- 2009 The Leishmaniasis. Tunisia
- 2008 The First Day of Respiratory Tract Allergy – Syria
- 2006 Arab Med Lab – Syria
- 2005 International Symposium On Phlebotomine Sandflies- Tunisia
- 2005 45<sup>th</sup> Annual Science Week- Syria
- 2001 Arab Ministers of high education – Egypt
- 2001 Biological Sciences – Egypt
- 2000 Parasitology conference - Poland
- 1998 Parasitology conference – Japan
- 1997 Dermatology conference - Syria
- 1996 Parasitology conference – Italy
- 1994 1995 Bio-diversity conferences - Syria
- 1993 Fishes conferences- Syria

**Book composed:**

- 2018 The Parasitism & the Parasitology (practical section)
- 2007 The Parasitism & the Parasitology (theoretical section)
- 1994 Parasitology & Immunology (Practical section)

**Scientific Supervision:**

- 1994-1997 M.Sc supervision  
2001- 2008 PhD supervision  
2004-2007 M.Sc supervision  
2014-2017 M Sc supervision  
2019 PhD supervision

**Publications :**
